PROPOSALS BY LITTLE & BROWN

THE LIFE AND WORKS OF JOHN ADAMS,

Such selections will be made from the Diary, and from the private papers, as may be considered most likely to promote a better acquaintance with the times in which Mr. Adams lived and acted than is yet possessed, even after all the valuable contributions which have already been fornished from other quarters. On the whole, the publishers confidently believe that there is no work relating to the revolutionary history of the United States, and indeed of the times in which Mr. Adams lived, that surpasses in historical and political value the volumes now othered to the patronage of the American people. And they strongly hope that they shall find themselves so well sustained in this great enterprise as to be encouraged to go on and perfect the other and later part of it, the Life and Works of the no less distinguished son, John Quincy Adams.

The works will be brought out from time to time, commencing during the autumn of 1849, and completed within a reasonable period, consistently with proper attention to the high character designed to be given to them, and in the following order:

Works works recoveryment.

Works upon government.
 Political papers, including Controversial Publications of the Revolution.
 Messages and Public Papers

3. Messages and Public Papers
4. Diary.
5. Bejavate Letters on Public Subjects, 1774 to 1801.
6. Private Letters from 1736 to 1836.
7. Life, by John Quincy Adams, continued by the editor.
8. Original unpublished Letters of Franklin, Jay, Jefferson, the Lees, Laurens, Gerry, Dana, Lead, and other of the Revolution.
The work will be beautifully printed, in ten volumes, in the octavo form, each volume containing from 509 to 600 pages, and put up in cloth, at the price of \$2.25 a volume.
A limited sumber of copies will be struck off on large paper, and put up in the same style of binding, price \$3 a volume.
Subscriptions and orders are respectfully solicited by the proprietors.

The use of Wheeler's Teaberry Tooth Wash at once arrests all bleeding of the gums, and removes all the irritation that usually accompanies the bleeding, and keeps the gums in a perfectly healthful state.

I have used Wheeler's Teaberry Tooth Wash for two years, and find it the best article of the kind I have ever met with; it is the only wash the use of which hardens my gums, and prevents them from bleeding.

During the teething of a child, to alleviate soreness and fever in the gums, after other very good articles had failed, owing to their severity. Wheeler's Teaberry Tooth Wash, much diluted, was used; and it subdued all soreness and fever, proving a superior article to wash the gums of children while teething. For this purpose, first dilute it with water until it is very weak.

KEEPS THE TEETH, GUMS, AND MOUTH PURE, AND SWEETENS THE BREATH.

Preserving the teeth, gums, and mouth fresh, pure, and healthy; and, from the slow and insidious ravages which time is liable to cause, is the most agreeable property of Wheeler's Teaberry Tooth Wash. It prevents the decay or natural corruption which the progress of time gradually brings upon the teeth, expels all corrupt humors, prevents the accumulation of tartar, and removes the almost imperceptible animalcular which are so liable to be located in the decayed cavities; and it preserves the teeth from all other impurities, and constantly tends to purify, keep sound and healthy, and greatly to strengthen and preserve them.

It keeps the gums and mouth fresh, pure, and bealthy, creating a healthy action and circulation in the gums, and by its astringency and tonic effects healing up and correcting impurities, and, together with its purifying properties and fragrance, keeps the breath sweet and pure, and preserves the teeth, gums, and mouth excellent in appearance and healthy.

I find on trial that Wheeler's Teaberry Tooth Wash is of superior excellence, and freely recommend it to all fond of sound and white teeth, and a pure breath.

Sants' Santamilla.—It seems almost unnecessary to direct attention to an article so well known, and so deservedly jopular, as this preparation, but patients often who wish to use the extract of Sarsaparilis are induced to try worthless compounds bearing the name, but containing little or none of the virtue of this valuable root; and we think we cannot confer a greater benefit on our readers than in directing their attention to the advertisement of the Mesers Sandrin another column. The bottle has recently been enlarged to held a quart, and those who wish a resulty good article will find concentrated in this all the medicinal value of the root. The experience of thousands has proved itself and at the presult time more than any other, perhaps, is recommuned, and at the presult time more than any other, perhaps, is medicine useful, in preparing the system for a change of acason.—Home Jewrad, Sept., 1846.

Broadway, corner of Barclay street, New York.

THE proprietors, TABER & BAGLEY, respectfully announce to their friends and the public that they have leased this well-known hotel, and have made many important improvements and repairs. A new and spiendid ladies' ordinary will soon be completed, also additional rooms on Broadway.

It is furnished entirely with new furniture made expressly to their own order. It is their determination to

the travelling public that can be found in this country. Its situation is unsurpassed, being directly in front of the Park and Fountain, where the Coton is continually playing, cooling and refreshing the air; also within a short distance of the steamboat and railroa. landings.

The tables will at all times be bountifully supplied with the delicacies of the season, and their wines and liquors, having been selected with great care, cannot fail to give

having been sciented with personal politeness and atten-satisfaction.

The proprietors hope, by personal politeness and atten-tion, to merit the support and confidence of the public.

FOR SALE.—A valuable and beautifully-situated farm, near the Washington Race Course, and about two and a half miles from the Centre Market House, on a fine road This farm contains within a small fraction of three hundred acres, about two hundred acres of which are of good woodland, and the balance in good cultivation, and the soil much improved.

and dred acres, about two hundred acres of which are of good at woodland, and the balance in good cultivation, and the soil much improved.

The improvements consist of a new two-story stable and of coach-house, a barn and corn-house, and other small buildings, an extensive kitchen garden with extensive hot-beds, and a pretty extensive orehard of the most select fruit of various kinds.

The whole tract is well fenced, the title indisputable, the price moderate, and terms casy. It is believed that a more healthy location is not to be found in this District, and has the convenience of Kook creek crossing a corner of it, and a fine mill within forty yards of the isand. The tract is everywhere well watered with fine springs.

For further information, inquire of Thomas Carbery, of Washington, or Lewis Carbery, of Georgetewn.

OREM & HOPKINS, late John M. Orem & Co., northwest corner Market and Charles streets, Baltimore,
would inform merchants and merchant tailors that they
have fitted up the floors over their tailoring and clothing
department, for the sale, by the piece, of cloths, causimercs, vestings, tailors' trimmings, and all articles adaped
to the trade. The liberal patronage bestowed upon them
in this department of their business has induced them to
collarge their warehouse to enable them to meet their increased trade. One of the partners, who has had long experience in business, will devote his whole time to purchasing goods; and buyers may rely upon finding a large
stock of whatever is most desirable of European and
American manufacture that money can procure.

New cloth-rooms will be opened on the 1st of March.
Entrance on Charles street.

THE STEAMER OSCEOLA leaves Washington for the above place every Thursday at 9 o'clock a. m.; returning, will leave Norfolk every Friday at 4 o'clock p. m., touching at Cone river going and returning. Passage and fare \$5.

Extension of the Baltimore and Ohio Baltroad.

TO CONTRACTORS FOR GRADUATION AND Mamsonry of the following described sections of this road-the sections averaging a mile in length—commencing in the town of Cumberland: Sections 1, 2, 6, 7, 8, and 10, will be let, embracing considerable rock-work along the Potomac river bluffs, and the masonry of several bridges on section 1st. Also, all the sections from 30 to 45, inclusive, (excepting sections 43 and 44,) beginning 28 miles from Cumberland, about a mile below the mount of Savage river, and terminating at the summit of the mountain. The work upon these sections is heavy, containing much rock excavations and two tunnels, each about 600 leet in length, and a stone bridge of considerable size. The whole number of sections now to be let is 20. In the course of the spring and, summer upwards of 30 more heavy sections will be put under contract between Cumberland and Three Forks creek. The remaining sections between those points, and other work beyond the latter, will be let in the spring of 1830.

Specifications of the work on the 20 sections to be let will be ready by the 25th of March current. They will be distributed from the Company's offices in Baltimore, Frederick, Harper's Ferry, Cumberland, and Washington. The proposals will be directed to the undersigned, at No. 23 Hanover street, Baltimore, and will be received until Saturday, the 28th of April, inclusive. Before making bids, the line should be thoroughly examined, and the resident engineers will be in attendance thereon, to give information. The most satisfactory testimonials will be dynamided. The payments will be made in cash, reserving the usual 20 per cent, until the completion of the contract. The most energotic prosecution of the work will be required.

By order of the President and Directors:

colleges, or prepared for increantile and other active pursuits.

In the French department a companionable native teacher is camployed, who devotes all his time to the interest of the pupils; and the French is made a living, spoken language.

The location is upon high ground, about half a mile west of the town, and is entirely healthful. The grounds are extensive. A pleasant wood, a fine open play-ground, and a gymnasism upon the premises, afford facilities for tural and afaletic exercise. The town is situated upon the great thoroughfare between New York and Philadelphia, and is approached from either city several times a day.

The summer session will commence on the first Monday in May, and close on the last day of September.

Terms.—Board and tuition, including French, \$125 per session. Tuition in drawing, music, and Spanish, at professor's prices.
